HEAT AND HUMIDITY

Make Life Intolerable In the Great Cities of the East.

THOUSANDS OF PEOPLE SUCCUMB.

General Suspension of Work in Mills and Factories—Ice Shortage Imminent—No Relief in Sight.

New York, July 2.—The temperature at the weather bureau reached 95 degrees. The humidity fell during the day from 60 to 42 per cent. Fatalities on Manhattan Island and Brooklyn were almost too numerous to record. The total number of deaths will reach 100 for the day. Business everywhere in town is much decreased by the heat, and there is great suffering among the poor. The intense heat has prostrated thousands of horses, hampering the delivery of ice, etc., and adding to the general discomfort. There were a number of deaths caused by the excessive heat in Jersey City. All the foundries in Jersey City have been forced to bank their fires on account of the heat and they will not be reopened until the hot spell has passed. Altogether about 1,100 foundrymen have ceased work. The Clark thread mills and the other factories and foundries in Harrison, Kearney and Arlington have ceased work. Lorillard's tobacco factory closed down on account of the unbearable temperature of the workrooms. The factory employs 2,300 men and women. A number of concerns in Newark, Paterson, Passaic and New Brunswick have closed. Vegetation in New Jersey is suffering greatly from drouth. Unless rain soon falls the crops will be almost totally ruined, and in any event the farmers will lose heavily.

Late in the day a heavy bank of clouds swept over New York city from the west, accompanied by a violent electrical display and heavy rainfall, relieving the intense heat.

Fierce at Pittsburg.

Pittsburg, July 2.—Twelve deaths and 60 prostrations from the heat were recorded here, making the number of fatalities 40 in 24 hours. The dead reported were: Charles Blank, 35, bricklayer; Benjamin Evans, 56, tailor; unknown Italian, 35; John Norasli, 42; unknown negro; unknown foreigner, died in Allegheny general hospital; Fred Roessler, 30; infant child of Mergo Macul; Eva Carey, aged seven weeks; an infant male child of Michael Demanok; John Ragy, 28; Mrs. Nancy Mercer, 83. A walk up Webster avenue was difficult. Not only the sidewalks, but even the roadway was full of people trying to sleep. Many poor mothers sat up watching their slumbering children that harm might not come to them as they lay on the pavements. Many of the mills have closed down.

Weather Bureau Bulletin.

Washington, July 2.—The weather bureau has issued the following special bulletin: "There are no present indications of a permanent break in the warm wave which covers the country generally east of the Rocky mountains. Local rains and thunderstorms will furnish temporary relief in the lower lake region, the upper Ohio valley and in the mountain districts of Pennsylvania, Maryland, West Virginia and Virginia and there is a possibility that these local rains may occur in limited areas in Atlantic coast states."

Ravages of Heat and Storm.

London, July 2.—While the weather in England is temperate, continental telegrams continue to report ravages of heat and storm. Deaths from sunstroke are numerous. In an Italian regiment which was marching from Pisa to Leghorn, there were 30 cases of sunstroke, while many of the soldiers dropped from exhaustion. Storms have occurred in France, where lightning has wrecked churches and houses. Several fatalities occurred.

Crops Withering.

St. Petersburg, July 2.—The crops in the province of Saratoff are withering and the grass is scorched owing to the protracted heat and drouth. The price of corn is jumping up and the outlook at Saratoff and in the neighboring Volga districts is alarming. The scarcity promises to be as severe as the famine of a decade ago.

Ice Shortage Serious.

Louisville, July 2.—The ice shortage in Louisville and scores of small Kentucky towns, is getting to be very serious. The decision of local dealers to fill no more out of town orders at present, in order to protect patrons at home, was followed by the announcement of two large dealers that their supply was exhausted.

Cooler Weather.

Detroit, July 2.—The prospect is for

considerably cooler weather over the lake region, according to the forecaster. There was one death from the heat, Albert Richter, a teamster, who was overcome on the street and died at Emergency hospital. Six other prostrations occurred.

In New England.

Boston, July 2.—Reports from New England points received here indicated no abatement in the hot wave. Temperatures were reported at from 90 to 98. At Lynnsville factories have been closed owing to the heat. No deaths have been reported.

Grain in Kansas.

Topelka, Kan., July 2.—Bulletins compiled by the United States weather bureau show wheat harvests over in the eastern division of Kansas, with a yield of fine quality. Hot winds have ripened wheat too fast in the western division. Corn is suffering from drouth in five counties in the north tier and from chinch bugs in Biley county. Wheat shows a good yield in the middle division of counties. Hot winds are prevailing and corn needs rain. The second crop of alfalfa will not equal the first. Range grass is turning brown in Ness and Thomas counties.

Heat Unbearable.

Philadelphia, July 2.—The weather bureau thermometer registered 102½. On the street the register was 105 to 108. So far 25 deaths from heat have been reported and hundreds of prostration cases are under treatment. One hospital has over 100 cases. The superintendent of police ordered that the horses be spared, and as a result the prisoners were transported through the streets on trolley cars. The hospital ambulance service was inadequate and dozens of prostrated sufferers were carried to the hospitals in furniture vans. Hundreds of mills and factories have closed.

At St. Louis.

St. Louis, July 2.—Thirty-three persons, a larger number than were treated here during the entire summer of 1900, are at the city hospital suffering from heat prostration. Two of these cases have resulted fatally. Highest temperature 98.

Baltimore An Oven.

Baltimore, July 2.—This city again sweltered under intense heat conditions with no signs of abatement. The thermometer registered 103. Four deaths and 32 cases of prostrations have been reported.

Crazed By Heat.

Louisville, July 2.—Peter Darnett, a young machinist, who was overcome by the heat some 10 days ago, was adjudged a lunatic and ordered to the asylum. He has been a maniac ever since he was overcome.

Preferred Death to Heat.

Peoria, Ill., July 2.—Robert Elliott, 55, was found in the pastor's study of the Second Presbyterian church, where he had asphyxiated himself because of the intense heat.

IT WAS DISTORTED.

General Grosvenor on Third Term Utterance Imputed to Him.

Kansas City, July 2.—General Charles H. Grosvenor of Ohio, speaking of the utterances regarding the third term question imputed to him, said: "It was misrepresented. The interview published was a distortion of a mere statement of historical fact regarding Washington's reasons for not accepting a third term, which I made to a party of young men. I will not say, and I have not said whether I think Mr. McKinley could be elected again, but I do say that in my judgment no man will ever be elected to a third term." General Grosvenor is en route to Winfield, Kan., where he will deliver an address on July 4.

Up to Supreme Court.

Washington, July 2.—The record of the case of Benjamin Green, John D. Gaynor, William T. Gaynor and Edward H. Gaynor, charged with entering into a combination with Captain Oberlin M. Carter to defraud the government in connection with the improvement of the harbor at Savannah, Ga., was filed in the office of the clerk of the United States supreme court. The case comes to this court from the circuit court of the southern district of New York, that court refusing to grant the application of the persons named for a writ of habeas corpus, thus confirming the order for their removal for trial to the circuit court of the southern district of Georgia, where they were indicted. In their assignment of errors the petitioners allege that the Georgia grand jury was illegally and improperly drawn and that therefore the indictment is void.

Shot From Ambush.

Lebanon, Ky., July 2.—At Scott's Ridge, Marion county, Richard Horde was shot from ambush and instantly killed and his companion, David Allen, mortally wounded. Allen was alive at last reports, but cannot live. No arrests have been made.

ANOTHER BANK QUITS

As a Result of the Failure of the City National at Buffalo.

DOORS CLOSED PENDING EXAMINATION

Institution a State Bank and Reported to Be Insolvent—Philadelphia Feller Skips Out, Leaving a Shortage.

Buffalo, July 2.—The Niagara bank, a state institution, has closed its doors. The following notice has been posted on the doors: "I have closed and taken possession of this bank. F. D. Kilburn, superintendent of banks."

The Niagara bank was organized Sept. 15, 1891. It had a capital of \$100,000. The officers are: President, B. H. Griffin; vice president, M. M. Darke; cashier, William Thayer. The chairman of the clearing house committee, S. M. Clement, said: "It should be distinctly understood that the closing of the Niagara bank has been brought about solely by reason of its close connection with the City National bank. Its president having been vice president of the City National bank and that no other bank here is in any way affected. At the meeting of the clearing house committee at the close of business, the Niagara bank was the only bank that applied for any assistance, and arrangements were made to give the assistance asked for, pending the report as to the solvency of the bank."

The bank superintendent was seen in the Niagara bank and was asked why the bank was closed. He said: "I have closed this bank because I think it insolvent. The main reason for the failure is the failure of the City National bank. This bank is involved in that to an extent not yet to be announced, but I do not deem it safe to permit this one to do business any longer. As to whether this bank has been in trouble heretofore, I have nothing to say."

Teller Skips Out.

Philadelphia, July 2.—William E. Douglas, until recently an assistant to the receiving teller in the Guarantee Trust and Safe Deposit company of this city, has disappeared owing the institution \$15,000, which loss is covered by a Baltimore surety company. Douglas resigned his position a few weeks ago. The auditor of the Trust company in the last monthly audit found the discrepancy in Douglas' accounts and at the request of the surety company, which is on his bond, a warrant was sworn out for his arrest. He was placed under detective surveillance, but escaped. The case is now in the hands of the city detective department. Douglas is about 26 years of age and unmarried.

Banker Arrested.

Washington, July 2.—Chief Wilkie of the secret service, received a telegram announcing the arrest of Thomas F. Ward at Jersey City, N. J. Ward was vice president of the Lemars, la., national bank and is charged with having used the bank's funds. He left Lemars in April and was not located until today and arrested.

McKinley's Departure.

Washington, July 2.—The president, who is very busy clearing up public business prior to his departure for Canton on Friday, this week, will see only those having urgent matters to bring to his attention. The extreme heat of the past few days has not affected Mrs. McKinley unfavorably.

BUNCH OF BALLS.

Telegraphic Intelligence Shred For Instantaneous Digestion.

William McIntire, 34, killed by a train at Bowling Green, O.

Senator James Kyle of South Dakota, died after an illness of 10 days.

Trial of Earl Russell on charge of bigamy to begin July 18 in house of lords.

Gasoline explosion wrecked Odd Fellows' hall at Garrett, Ind. Seven persons injured.

Bituminous coal companies of the country about to be combined into one gigantic organization.

Hospital ship Maine presented as a gift to the British navy. Fitted out by American women.

In a general row at the home of Marlin Martins, Muncie, Ind., Walter Driscoll, 16, killed Mrs. Herbert McCall.

"A Friend" sent to Oberlin (O.) college \$50,000 toward the completion of the \$500,000 Rockefeller endowment fund.

Three tons of molten metal exploded at the Illinois steel plant, South Chicago, killing John Kabo and injuring several others.

Arsenic found in the soup which made ill Arthur Miller, wife and four children at Toledo. Police investigating the affair.

RAVAGED BY FIRE.

Hotel and Other Property Consumed. A Water Famine.

Huntington, W. Va., July 2.—The Adelphi hotel and the square in which it is located, chiefly residences, were consumed by fire. The city has a water famine. The pumps at the water station are broken and the reservoirs are empty. Thousands of laborers are made idle, as the factories are unable to run. There is great suffering in consequence of the famine. Ironton, Ashland, Catlettsburg and Portsmouth were called upon for assistance to fight the fire. A special train went to the down river towns to bring fire engines. A line of hose was laid to the Ohio river, half a mile away.

Town Burned Out.

Williams, A. T., July 2.—A fire which started in Flemings' general merchandize store, completely wiped out the main portion of the town, two entire blocks and a portion of another. A conservative estimate of the loss is \$100,000. The insurance covers only a small portion of the loss. There was no loss of life so far as known. There was virtually no water supply and no fire department.

Jersey Hotel Fire.

New York, July 2.—Fire destroyed the Allenhurst Inn at Allenhurst, N. J., and three cottages adjoining it. The loss is estimated at \$170,000. The hotel was one of the best known on the New Jersey coast and was thoroughly refurnished this spring. There were 165 guests registered at the time of the fire, but they all got out safely, with most of their light baggage.

Mills Burned.

Stillwater, Me., July 2.—Fire here destroyed three mills and numerous other buildings, including 24 houses of mill operatives. The George A. Lewis mill and machinery and dry house containing 100,000 shingles, and the Sutton mill, with its machinery, were the chief structures burned. Loss \$75,000.

Perished in a Fire.

Oregon City, Or., July 2.—Suzanne, 75, the only surviving daughter of Chief Yelous, of the Molalla Indian tribe, was burned to death here. The house caught fire and Suzanne, being blind and feeble, perished before help could reach her.

Cambridge Wins One.

Henley, July 2.—Owing to the large number of entries for the Thames challenge cup at the Henley regatta, which commenced Wednesday, three heats in the contest for that trophy were rowed Tuesday. The results were as follows. First heat—Trinity Hall, Cambridge, beat the Vesta Rowing club. The Cambridge men led throughout and paddled home six lengths ahead, in seven minutes, 35 seconds. Second heat—The school of mines by a length and three-quarters. Time seven minutes, 33 seconds. Third heat—Kingston beat the Thames Rowing club by two lengths. Time seven minutes, five seconds.

Naval Cadets in Denmark.

Copenhagen, July 2.—The Danish papers comment cordially on the visit here of the United States training ship Hartford. The American officers and crew have been invited to participate in a Fourth of July celebration at the famous Tivoli gardens. Commander J. M. Hawley of the Hartford officially visited the Danish authorities. Lieutenant Commander E. M. Hughes, which left Boston May 31, is expected here July 9.

Pingree's Remains.

New York, July 2.—The committee having in charge the body of former Governor Hazen S. Pingree of Michigan, said that the body would be kept in this city until Thursday, when it will be taken to Detroit. The body was removed from the steamship Zealand to an undertaker's establishment. The funeral will take place Saturday from the Pingree home on Woodward avenue.

France Helps to Pay the Fiddler.

Paris, July 2.—The chamber of deputies voted supplementary credits amounting to 80,000,000 francs to defray the expenses of France's Chinese expedition. M. Rene Viviani, radical Socialist, moved an amendment calling upon the government to relinquish the protectorate of missionaries in the far east. This was rejected by a vote of 425 to 109.

Funeral of Senator Kyle.

Washington, July 2.—The following committees have been appointed on behalf of the senate and house of representatives to attend the funeral of Senator Kyle at his late home at Aberdeen, S. D.: Senators Gamble, Hansbrough, McCumber, Nelson, Clark of Montana, Gibson, Penrose, Mallory, Daniel, Bard, Dolliver, Harris and Hatfield. Representatives Martin and Burke of South Dakota; Marshall, of North Dakota; Edwards, of Montana; Tawney, McCleary, Heatwole, Stevens, Fletcher, Morris and Eddy, of Minnesota.

WAS DONE FOR EFFECT

Sheet Steel Company Cuts Prices to Frighten Certain Independents.

PRESIDENT SHAFFER'S VIEW OF IT.

Assessments to Be Levied Upon the Amalgamated Iron and Steel Workers—Status of the Great Strike.

Pittsburg, July 2.—The second day of the strike of the sheet steel and steel hoop workers of the Amalgamated Association was without interesting or exciting features. As President Shaffer remarked, the conditions of the present strike were peculiar, and no decided results were expected for 10 days or two weeks. By that time the manufacturers having all necessary repairs at their mills completed, would be anxious to resume operations. The struggle would then begin in earnest.

The belief is quite general, however, that the real test will not come until the close of the hot weather and the general resumption of business in the early fall, and in the meantime it is thought that the conflicting interests will see their way clear to recede from the present position. That President Shaffer of the Amalgamated Association is preparing for the rainy day which may come if the strike is prolonged indefinitely, is evidenced from the circular mailed to the association lodges. The circular directs the lodges to lay assessments upon their members, the money to be used for the relief of such members of the association as might be out of work. The money collected by these assessments of the lodges will be forwarded to Pittsburg, where it will be placed in the general fund of the association. Outside the combine plants there is little apprehension over the situation. A number of independent companies have expressed a willingness to grant the demands of the men.

The announcement that the sheet company had cut prices occasioned surprise, as it is known that all the mills have been busy and many orders remained unfilled. The heaviest cut is on No. 28, the standard gauge, which is reduced from \$3.35 per 100 pounds to \$3.10. The lighter gauges have been cut in price from \$16 to \$3 a ton. The move puzzled the Amalgamated officials, and President Shaffer said: "It has been done merely for the purpose of having an effect upon the independent sheet manufacturers who have signed our scale."

The advisory board of the Amalgamated association has not yet been called to consider the situation, but a meeting will be held soon if the American Sheet company shows no disposition to reopen negotiations. President Shaffer says the call for a conference will not come from the Amalgamated association, as the ultimatum of that organization was given at the last conference.

Cash Register Strike.

Dartmouth, O., July 2.—In conformity with the agreement reached in Washington Monday, many of the machinists of the National Cash Register company returned to work. A concession on the part of the company, which will allow the 9-hour day schedule was made. It is believed the employees also made concessions. The pay for 10 hours is understood to have entered in the agreement. It is not denied that some of the union molders have also returned to their places. The National Cash Register company has now adjusted almost every difficulty with the possible exception of the carpenters and woodworkers.

Reading Strike Over.

Reading, Pa., July 2.—The Reading railway striking shop hands ratified the agreement between Chairman Boscher and President Baer and it was decided to return to work on Friday morning. Over 1,200 men were present at the meeting.

Violent Thunderstorm.

Middlesboro, Ky., July 2.—A violent storm, resembling a tornado, wrought havoc across Cumberland Gap in Powell's valley. A half dozen small farm houses were demolished, together with a large number of barns. There was some loss of life, but particulars have not yet been obtained. Perry Smith was killed by lightning. Crops were seriously damaged by the wind in various places.

Both Met Tragic Deaths.

Lima, O., July 2.—Madison Mitchell and John Polling, young farmers living on adjoining farms southwest of the city, were both accidentally killed. Polling was riding on top of a load of hay to his barn, when he fell off, head first. Mitchell, a few minutes later, was leading his team of horses into the barn when one of the animals suddenly turned around and kicked him in the abdomen.

LAMP EXPLODED,

Causing a Fatal Fire in a Lodging House—The Victims.

Butte, Mont., July 2.—Two dead, two severely, if not fatally injured, and a score more or less hurt, is the result of a fire which broke out at the Pullman lodging house. The dead: Oam Mlx, waiter, Missoula, Mont.; Ole Berg, carpenter, Butte. Severely injured: Billy Ryan, better known as "Australian" Ryan, a pugilist; a Mr. Camp; Miss Crystal, proprietress of the lodging house.

A number of men were experimenting with a gasoline lamp in a saloon on the lower floor of the lodging house when the lamp exploded, scattering flames in all directions. The building was wooden and before the fire department arrived the flames had eaten through the lower floor and were spreading to the upper stories. The lodging house contained about 100 guests, none of whom were able to save anything except what they wore. Most of them escaped by jumping from the first and third story windows and it is miraculous that more were not killed.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

ORANGEBURG, July 2nd.—Did you ever notice it's warmer in summer than in winter, and you don't want to light your pipe with a splinter? Thomas Beckett and wife are rejoicing over the arrival of a bouncing baby boy.

Grant Wilson is getting along pretty well, thank ye. His accidentally received knife wound is about well.

Al. Coryell began harvesting his rye Monday. It is a good crop, but part of it has fallen.

Some thoughtless fellow pushed "Bing" Cooper into North Fork during a recent high water, and he had great difficulty in getting out. Such a trick played on a man with a dislocated wrist doesn't savor a little bit of common sense, or humanity.

Miss Keith Ross, the belle of the "burg," and Mr. Scott Young were united in the silken bonds of wedlock Wednesday, June 24th, at 3:15 p. m., at Rev. Harrop's in Maysville. The wedding supper was partaken of by friends and relatives at the residence of the bride's sister, Mrs. Lucy Seddon. The happy couple are the guests pro tem of Mrs. Ross, who is a notable exception in the way of a mother-in-law, being friendly, forbearing and full of fun and frolic. The Oranburg boys did not forget to give them a send-off in the way of a charavari. Here's their good health! May they live long and prosper.

"The harvest is plentiful and the laborers are few." So saith holy writ. Charles Calvert, recognizing the gravity of the situation, will bring his engine to the fore, and rip and tear and roar, 'till there ain't a dodgasted stalk of wheat, rye, oats or grass left standing in Mason County.

A man can smoke and swear like sin, Or hiliards and a-plu-pool play; But he can't stick his hat on his head with a pin, Because he ain't built that way.

Some of the boys, through thoughtlessness, it is hoped, are eager to see a harmless, industrious neighbor, who was crippled by accident or disease, paraded in print in a ludicrous manner. This is not right. Make it a rule of life never to twist anyone about anything they cannot avoid. To be crippled for life is bad enough, surely; to make much merit or little on such a subject is in exceedingly bad taste, inhuman, in fact.

The American Illustrated Pronouncing Dictionary gives the definition of "rubber" as "one who rubs; a game at cards." Modern slang has made the title a synonym for hussy bodies, who, through a combination of ignorance and impudence, persist in poking their noses into other people's business. Many ill-hred folks will stand and overlook any one writing when they have no earthly interest in the matter, and are not cognizant of the fact that it is the height of ill manners so to do. Children of a tender age have this by-word at their tongue's end and do not hesitate to use it on a comrade whose inquiring turn of mind projects too far into other people's business. It is a word that will be used as long as "rubber necks" probe into affairs that concern them.

Win Hord, son of our popular physician, has made arrangements to spend his Fourth of July with friends in Paris.

Boone Phillips, hostler for Dr. Hord, still has the army bee buzzing in his bonnet.

English sparrows have greatly damaged store chimneys in Oranburg, so much so as to necessitate repairs to keep them from falling down. They also carry great masses of grass and straw into crevices of the weather boarding, rendering the house more liable to be destroyed by fire. They are an intolerable nuisance wherever they are and should be destroyed by every means possible. A. Erkenbrecker, proprietor of the St. Bernard Starch Works, Cincinnati, was the man who first brought a cage full of them from hanks of Yarrow, England. He told the writer that after he had set them free in his grounds near the factory they stole so great a quantity of the starch that he was compelled to put in several hundred screen windows.

Saturday last Tollesboro met Oranburg in a shooting contest on the southern heights of the "burg" with the following result:

RECTORVILLE, July 2.—Miss Amy Hull is visiting her sister, Mrs. Bertha Kenner, at Mt. Carmel.

Miss Fannie Scott, of Tilton, is here visiting friends and relatives.

Mrs. Martha Sellers is home after a visit to her daughter, Mrs. Era Pell, of Maysville.

Mabel Pollitt, who has been very ill, is convalescent.

Miss Julia Lathan, of Chicago, is visiting her parents at Bridgeport.

There was a severe wind and rain storm here Monday evening.

A. D. Dickson and wife were in our neighborhood Sunday evening.

R. T. Bradley and Miss Bessie Dickson were married at Maysville at 9:30 a. m. Monday at the Central Hotel by Rev. Edward Allen, of that place. Parker Hoffman, Albert Pollitt, Clark Bradley and Bernice Dickson were present at the marriage ceremony. The couple will spend two weeks at Garrison, Lewis County, and then make their home at Vauceburg.

EAST LESTONE, July 2.—Mrs. John Seers, of Maysville, and Mrs. Canada, of Nicholas County, are guests of Mrs. Weede Breeze to-day.

Miss Jennie Rafus and brother, Clarence, and Mrs. Robert H. Williams and Mrs. Wm. Williams were at the bedside of Miss Anna Meyer, of Rectorville, Sunday. She is gradually growing weaker.

N. S. Swice, noticing his valuable watch dog exhibiting signs of hydrophobia, took the dog by the back of the head while another hit the animal in the head with a hammer. Why not dispose of the canine population entirely?

Mr. and Mrs. Albert Klidder and children, of Huston avenue, are enjoying an outing during the torrid temperature at the pleasant home of Mrs. Margaret Williams, the latter's mother.

The ladies of the Stone Lick congregation gave an ice cream supper at the Oranburg school house Saturday evening.

SOMETHING

Daily telling you of something new—something desirable to buy at a desirable price. Then there are many small items that never get into print.

SATIN STRIPE GRASS LINEN.

New and handsome for waists and skirts. The regular summer linen shade with satin stripes in striking color contrast. Unusually popular this season and very chic. 25c. a yard.

COTTON ETAMINE.

One is an open lattice weave, others are of closer mesh. Stylish and handsome. 35c. yard.

Nearly every day something new slips into the cotton dress stock. You can't exhaust the possibilities of this store, ceaseless activity is our watchword.

Non-rusting hooks and eyes for wash clothes, 5c. a card. You'll use no other, once you realize the satisfaction of these.

Wash Taffeta Ribbon six inches wide, 25c. yard. This ribbon is in solid colors polka dotted, it also comes in pretty stripes. Launderers perfectly—is very soft and pliable—ties closely, preserving the contour of the neck, which well dressed women realize is a necessity for style and good effect.

through this section Monday evening doing considerable damage to fruit trees, fencing and crops. A large amount of the corn is twisted and broken off. The wheat is on the ground, but it is thought as the wheat is matured much of it will be saved. Oats that were promising from forty to fifty bushels per acre are thought to be an entire loss.

Bees continue swarming though now too late in the season for profit. In the absence of white clover it is feared the honey crop will be short.

Frank Williams left Sunday for Farmer City, Ill., in response to a call from his brother, Howard, of that place.

Mr. and Mrs. Thomas Toppins, of St. Louis, who have been guests of their cousin, Mrs. Henry Adams, several weeks, returned home Sunday morning. Mr. Toppins sustained a severe injury from a fall while riding horseback on the creek portion of the Kennedy's Creek road one day last week. He was unconscious for quite awhile and was pronounced severely injured internally by the Adams family physician. It was with much difficulty that he was able to return to his home. The Superintendent of the road regrets the unfortunate affair. This road, so recently repaired by a number of citizens, is again a wreck.

WEDONIA, July 2nd.—The farmers are busy cutting wheat. Some have finished.

Nelson Weedon, of Flemingsburg, was a guest of the Misses Cook Thursday and Friday.

Mrs. Charlie Walker has returned home after a week's visit with Mrs. McGee, of Mayslick.

The ladies of the Mill Creek church met Wednesday and gave the church a good cleaning.

Mr. and Mrs. Shelmor Campbell are visiting in Ohio.

Miss Ida Tolle has returned from Maysville, where she had a most delightful two week's visit with her grandparents, Mr. and Mrs. Turner Brauel.

Mr. and Mrs. A. H. Calvert spent Friday with their daughter, Mrs. Pearce Calvert.

Tom Maher came over from Helena a few days ago to show Mr. Hedin how to blast rock. He used eight cans of powder, twenty-three sticks of dynamite, and blew a rock thirty-six feet wide and twelve feet thick "out of sight."

Miss Lula Thomas, of Wallingford, is visiting her aunt, Mrs. John Hughes.

Parker Hord and Charlie Thomas spent Sunday with Charlie Proctor Cook.

Mr. and Mrs. C. A. Goodman were guests of Mr. and Mrs. Thomas Lally, Sunday.

Philip Cummings, Paul Cullen and Mr. Fitzgerald, all of Maysville, Tom Malone, of Clark's Station, and Misses Katie Walton, Alice and Maggie Lally and Myrtle Walton, of Mill Creek, went to Blue Lick Springs Sunday.

The protracted meeting at the Mill Creek Church will begin the third Sunday in August, conducted by the Rev. A. R. Moore, of Lancaster, Ky., assisted by the pastor, Mr. Clarkson.

The heavy rain Tuesday night did great damage to land, washing it very badly. It also took out a bridge for Mr. Gantley.

C. Flanagan has been on the jury at Maysville for two weeks.

Lucinda Bailey Powers, second daughter of Dr. George B. and Sarah Bailey, was born in Georgetown, Ohio, July 31, 1829, and died June 19th, 1901, in the seventy-second year of her age. She was united in marriage to Dr. Henry Power, of Aberdeen, Ohio, May 16, 1850. To them were born one son and two daughters. Dr. Power and the children all preceded her to the grave. Mrs. Power was known as one of General Grant's sweethearts. When he was elected President he made her postmistress of Georgetown, over all competition.

Trouble Of A Minister.

To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, eruptions, boils, eczema, tetter, salt rheum show impure blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures these troubles. Satisfaction is guaranteed or money refunded by J. Jas. Wood & Son. Large bottles only 50c.

At Ruggles Camp Grounds,

WEDNESDAY, JULY 4,

At 10 a. m. the following privileges will be let to the best bidder:

Hotel, Confectionery, Stable, Baggage Room and Barber Shop.

The board reserves the right to reject any or all bids.

The meetings on these beautiful grounds will be held beginning July 25th, closing Aug 5th.

The Rev. H. C. Jennings, D. D., of Cincinnati, (late of Chicago) and other ministers of prominence will be present.

Splendid singing in charge of a competent leader will be a feature. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made. The grounds are beautiful, and, best of all, there is an abundance of pure water.

The meetings will be in charge of Revs. E. L. Shepard and G. R. Frenger, Presiding Elders of the Covington and Ashland districts.

BOARD OF EDUCATION

Finishes Up the Work of Election of Teachers For the Colored School.
Other Matters.

Last night the Board of Education met in special session and after transacting some routine business, went into the election of teachers to fill the vacancies left open in the colored schools from the last meeting. There were nineteen applicants, and it at first seemed as if matters were going to assume a peculiar shape. However after a calm and dispassionate discussion of the several applicants, the contest seemed to lay between Misses E. P. McGann, Beesie Strawder, K. B. Bulger, L. J. Anderson, Mary F. Cass and Alice Sims. Misses Sims and Cass received the highest number of votes, with Miss McGann not far in the rear. Misses Sims and Cass were declared elected.

Mr. John J. Altmeyer, foreman of the BULLETIN office, performed a surgical operation on an ingrowing toe nail last Saturday evening. John's a success at most anything he undertakes, but in this case the use of the knife didn't have the desired result and he is confined to his home to-day trying to obtain relief from a very painful toe.

The storm that swept this section Monday evening at 7:15 struck Cincinnati about 8 o'clock. At the least calculation over 25,000 window panes were broken in the Queen City.

Rev. J. W. Porter will deliver a humorous lecture on "Society" at Ruggles camp grounds to-morrow, July 4th.

Ice cream soda at Chenoweth's.

Born, to Dr. and Mrs. W. E. Gault, of Portsmouth, a son.

Egg phosphate and all the popular soda water drinks at Ray's soda fountain.

Dr. C. F. Palmer, of Indianapolis, and Miss Hattie V. Young, of Ripley, were married Tuesday.

Mrs. Rosa Finnell was appointed postmaster at Erlanger Tuesday. She is a sister of Mrs. W. W. Watkins of this city.

The banks will all be closed to-morrow. If you intend burning any money celebrating the 4th, check it out to-day.

Mr. Stephen Harrison had a large barn destroyed by the storm Monday evening. Owens Bros., of Lewisburg, also had a barn wrecked.

The infant son of Mr. and Mrs. Joseph Stahl died at the residence of his parents on Loraine avenue, Dayton, O., at 5 a. m. Monday. The funeral was held Tuesday afternoon at 2:30 at St. Mary's Church, Dayton. Interment in Calvary Cemetery.

POYNTZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

A statement of the condition of Mitchell, Finch & Co.'s Bank appears in to-day's issue. It shows total resources of nearly \$200,000, with deposits subject to check amounting to \$143,101.03, and undivided profits of \$1,739.01. This bank has shown a steady growth ever since it was started a few years ago, which speaks well for the management.

The Bee Hive.

The Bee Hive will close at 1 o'clock on 4th of July. We will appreciate your early call. MERZ BROS., Props., Kings of Low Prices.

How the 4th Will Be Observed at the Post-office.

On July 4th business will be transacted at the postoffice as follows: The carriers will make one delivery and one collection, at 7 a. m. The general delivery and stamp window will close at 11 a. m. The money order and registry departments will not be open.

Notice To Wheelmen.

There's positively no need to endure discomfort by reason of chafing, sunburn, insect stings, sore and perspiring feet or accidental bruises. You forget these troubles in using Bucklen's Arnica Salve. Infallible for pimples, blotches, skin eruptions and piles. Sold by J. J. Wood & Son; 25 cents.

Ice cream soda at Chenoweth's.

Almost any merchant would value the privilege of having a thousand possible patrons lined up in front of his store and to give just three minutes to tell them why they should buy goods of him. He has the privilege when he puts an advertisement in his local paper and should put in his advertisement just what he would say to the crowd.—Hattie (S. D.) Epitome.

The Exposition as an Educator.

"So you've been to the Pan-American exhibition, eh?"
"Yes, and it's a fine show too. I always like to go to expositions because, you know, they're such great educators. Why, a week at one of them kind of shows is worth more'n a whole blame college education."
"I've heard people say so. What does Pan-American mean, anyway?"
"Pan-American? I dunno. I didn't see any special exhibition of pans. Oh, I guess it's just a fancy name some fellow thought of to make it different from the rest."—Chicago Record.

Latest Wonder For Automobiles.

Signor Marconi, the inventor of the wireless telegraph, has perfected lately an ingenious adaptation of his invention for use on automobiles, says the Chicago Tribune. On the roof of the motor car in which he is touring through England is carried a tall funnel, which when not in use lies down flat along the roof. When he desires to communicate with the hotel which he has left or that to which he is going, the funnel is raised to a perpendicular position, and the wireless telegraph is set to work. Thus Signor Marconi, by means of the wireless telegraph and without leaving his automobile, is able to order his lunch at a hotel or more miles distant. The first practical use of this adaptation is to be made on automobiles filled up for use in war. A party of scouts might make a quick run in one of these machines into the enemy's country, make their observations, raise their funnel and communicate the result to their headquarters and then start back before a successful pursuit could be organized. Several cars fitted in this way are to be used in the next English military maneuvers.

KENTUCKY CROPS.

The Outlook is Very Good—Wheat Harvest In Progress—Corn and Tobacco Growing Fast.

The temperature was decidedly above the normal during the week. Occasional local showers occurred over the greater part of the State, except in the extreme west, where the drouth is becoming quite severe. Very heavy thunderstorms occurred in some localities, doing considerable damage to crops, but the area thus affected was not large.

The threshing of wheat is well under way in the western portion of the State, and harvesting is progressing in the central and eastern portions.

Tobacco has made a good growth except in the extreme west, where it has been too dry.

It has been excellent corn weather and that crop has made very rapid growth.

Oats have improved and are very good in the east, but generally indifferent in the central and west. Irish and sweet potatoes are very promising. Gardens are in fine condition.

Farm work is fairly well up except in some localities in the central and eastern portions, where heavy local rains have delayed work.

River News.

Bonanza for Pomeroy to-night. Urania, Keystone State and Stanley due down this evening.

The Indiana broke some of her machinery last evening and it was 8 o'clock this morning before she passed up for Pomeroy.

The total collections of the Seventh district for past year were \$3,114,977.72, the largest in the history of the district. The gain last year over previous year was \$472,423.75.

The American Tobacco Crop.

[Harper's Weekly.]

There are in the United States 700,000 acres of land devoted to tobacco, of which 11,000 acres are in New England. The annual yield of all kinds in the country is 500,000,000 pounds, of which New England raises about 19,000,000. The average yield per acre throughout the country is 700 pounds, but in New England it is 1,700 pounds. It is interesting that all the tobacco raised in the country belongs to two or three botanical species, yet there are more than sixty varieties grown commercially—all of them quite distinct in shape, color and quality of leaf. The raising and curing of each class and type of tobacco is a business by itself, in its methods of culture, harvesting and curing as distinct from the other as the business of a creamery is distinct from a cheese factory.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.

It Dazzles The World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for consumption. It's severest tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hay fever, hoarseness and whooping cough it is the quickest, surest cure in the world. It is sold by J. Jas. Wood & Son who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.
